

# Funny Penguins, pp 14, 15

Jump, February 2018

1. Listen and tick  the countries you can hear.

Austria  Arctic  Antarctica  South America  Africa

Australia  New Zealand  North America

2. Listen and fill in the gaps.

They walk like people. They play \_\_\_\_\_ people. They make families. They are good parents who love their \_\_\_\_\_ babies. They look just like funny little people, but they're \_\_\_\_\_! There are many kinds of penguins. Some are \_\_\_\_\_, some are big. They're colourful, and come in all shapes and sizes. But most of them are black and \_\_\_\_\_. They only live in the southern hemisphere: in Antarctica, South America, \_\_\_\_\_, Australia and New Zealand.

3. About penguins. What is true (T) and what is false (F)?

- a. They are birds.
- b. They have wings.
- c. They can slide on their bellies.
- d. They can walk.
- e. They can speak.
- f. They can hear badly.
- g. They can swim.
- h. They live in colonies.
- i. They live in the Arctic.
- j. They have one or two chicks.
- k. They eat fish.

## SOLUTIONS

1. Listen and tick  the countries you can hear.

- Austria     Arctic     Antarctica     South America     Africa
- Australia     New Zealand     North America

2. Listen and fill in the gaps.

They walk like people. They play **like** people. They make families. They are good parents who love their **cute** babies. They look just like funny little people, but they're **birds**!

There are many kinds of penguins. Some are **small**, some are big. They're colourful, and come in all shapes and sizes. But most of them are black and **white**. They only live in the southern hemisphere: in Antarctica, South America, **Africa**, Australia and New Zealand.

3. About penguins. What is true (T) and what is false (F)?

- a. They are birds. **T**
- b. They have wings. **F**
- c. They can slide on their bellies. **T**
- d. They can walk. **T**
- e. They can speak. **F**
- f. They can hear badly. **F**
- g. They can swim. **T**
- h. They live in colonies. **T**
- i. They live in the Arctic. **F**
- j. They have one or two chicks. **T**
- k. They eat fish. **T**
